(b) A list of medical and dental colleges whose permission has not been renewed for admission of students during 2002-03 is enclosed as Statement. (See below)

(c) As per provisions of Indian Medical Council (Amendment) Act, 1993 and the Dentist (Amendment) Act, 1993 and the Regulations framed thereunder, the Central Government permission is granted for starting a Medical/Dental College for one year.This permission is renewed on yearly basis after verification of the achievements of annual targets in repect of creation of infrastructure facilities. In case of failure of the college authorities to meet the annual target of development of infrastructure, the annual renewal of permission is not granted. The college accordingly cannot admit students unless they rectify the deficiencies to the satisfaction of the Professional Councils and the Government of India. Further, this process of renewal of permission is continuous one and the Government renews the permission as and when the recommendations of the Professional Councils are received.

(d) With a view to stop mushroom growth of sub-standard medical/ dental colleges the Indian Medical Council Act, 1956 and the Dentists Act, 1948 were amended in 1993 which provide for prior permission of the Central Government for establishment of new medical/dental colleges. The Central Government through Medical Council of India examines availability of infrastructural facilities, staff etc. before giving permission for admission of students.
